

Jamieson Primary School Newsletter No 11 27th June 2024

As the end of Term 2 has approached, the last fortnight has been busy. Science incursion for the senior students, a walk to the museum and a movie for the junior students.

Lauriston and Jamieson concert, Space Expo, and Pancake breakfast. Enjoy your well-deserved holiday break, and here is to a rejuvenating time before diving into another busy term ahead!

Breakfast Club:

To finish the term the breakfast club offered delicious pancakes – topped with all the trimmings – ice-cream, strawberries, maple syrup. The students had a hands-on experience too, getting to flip their own pancakes. Starting from Term 3, the Breakfast Club will be held every day with extended hours of supervision from 8:00 am to 4:00 pm. This means students will not only get breakfast but also a snack in the afternoon.

Space Expo:

At the Space Expo, students from both the senior and junior rooms presented their work to parents and carers. They showcased amazing dioramas of the solar system and models of space. After the presentations, everyone enjoyed a sausage sizzle cooked by Mr Wetmore. It was a great opportunity for students to demonstrate their learning and creativity to their families.

Lauriston and Jamieson Primary School concert

The students treated parents and community members to a mini concert. Songs included – *Fly me to the moon*, *Yellow* and *Rocket Man*. The Jamieson students have enjoyed learning new songs and playing instruments. Then afterwards treated to fairy bread and popcorn were the perfect treats to finish the concert.

Skiing 2024

The Skiing handbook has been sent home this week. Please advise the school if it has not reached home.

For those who have not yet been able to get to Ski Chute 4, please try to have this done over the school holiday. We are now building a bank of skiing clothing and equipment – this will go a long way with helping with costs next year.

Outdoor fun

Despite the frosty mornings, the students have still been able to have fun outdoors especially when bundled up to stay warm.

School Reports.

School reports have been sent home with the students today. Please check their school bags.

Homework, Readers, Attendance Reminder

Homework plays a crucial role in reinforcing classroom learning. Both junior and senior rooms have weekly homework that is due **Wednesday mornings**. Please ensure all readers are returned to school promptly. Regular attendance is key to building a strong foundation for success in learning and life. If your child/children are not attending for any reason, the school *must* be notified as per the school policy and Dept Education. A message can be left on the school mobile phone 0474 836 916.
